

Logging into MyEducation BC

Navigate to <https://myeducation.gov.bc.ca/aspen/logon.do> to log on to MyEducation BC.

1. Enter the Login ID that was assigned to you.
2. Enter your Password (Case Sensitive).
3. Click **Log On**

The screenshot shows the MyEducation BC login interface. At the top, it says "MyEducation BC Prod 12". Below that is a "Login ID" field containing "mparent". Underneath is a "Password" field with several dots representing the password. To the right of this field is a small icon of an eye with a red box around it, labeled "Password Eye". Below the password field is a link "I forgot my password". At the bottom left is a "Log On" button, and at the bottom center is the text "Password Eye". A large red arrow points from the text "When you reach the login page, you will see MyEducation BC Prod XX." to the "MyEducation BC Prod 12" text at the top of the screenshot.

When you reach the login page, you will see MyEducation BC Prod XX. Each time you log in, you may see a different number. This is identifying one of the many MyEducation BC servers and it is safe to log in when you see this.

Popup blockers on your internet browser should be turned off for some of the features in MyEd to work properly.

MyEducation BC is case sensitive so you must enter the username and password as generated by the system.

Note: Internet Explorer is the recommended browser, as it gives you the **Password Eye** icon to the right of the password field. When clicked you can view the password you have entered and to make sure that it has been entered correctly.

When you log in for the first time, the system will prompt you to change your password.

1. Click **OK**.
2. Enter your current password (Temporary Password)
3. Enter a New Password using the Password Requirements
4. Confirm your new password
5. Click **OK**.

You will also be prompted to set up a security question so that in the future you can click "I forgot my password" to receive a new password

1. Enter your primary email address. This email address will be used to receive a new password if you forget your password.
 2. Choose a security question
 3. Enter your Security answer then confirm your security answer
 4. Click **OK**
