Dear Parents/ Guardians:

**Re: Literacy 12 Assessment  
April 27, 2022**

As many of you know, there was the cancellation of January 2022 Provincial Graduation Assessment Administration Session. However, graduation assessments will be available for students in Grades 10-12 to write in April and June administration sessions.

All students in Grade 12 must complete the Literacy 12 Assessment on April 27<sup>th</sup>, 2022. This assessment is prepared by the BC Ministry of Education and must be written by all students as a part of their graduation requirements.

Here are some important things to know about this assessment:

- The LITERACY 12 Assessment is required for graduation.
- Students are assessed on a four-point proficiency scale: Emerging, Developing, Proficient and Extending
- There is no “pass” or “fail” – students must write the assessments in order to meet the BC graduation requirements.
- Assessment results are not blended with any subject mark as was the case with past provincial examinations. The results stand alone on the student’s transcript.
- The Literacy 12 Assessment is not tied to a specific English Studies course. Instead, it evaluates a student’s literacy skills developed over the course of their education.

Students and families are encouraged to explore the following link for some Literacy Assessment preparation resources, including videos, and online sample assessment.
