January, 2023.

Dear Parents/ Guardians:

**Re: Literacy 10 Assessment
January 24 & 25, 2023**

Graduation assessments will be available for students in Grades 10-12 to write in January administration session.

All students in Grade 10 must complete the Literacy 10 Assessment on January 24 or Jan 25, 2023. Any grade 11 or 12 students, will also need to complete a Literacy 10 assessment on Jan 24 or 25th, if they have not done so already in order to graduate. This assessment is prepared by the BC Ministry of Education and must be written by all students as a part of their graduation requirements.

Here are some important things to know about this assessment:

- The LITERACY 10 Assessment is required for graduation.
- Students are assessed on a four-point proficiency scale: Emerging, Developing, Proficient and Extending
- There is no “pass” or “fail” – students must write the assessments in order to meet the BC graduation requirements.
- Assessment results are not blended with any subject mark as was the case with past provincial examinations. The results stand alone on the student’s transcript.
- The Literacy 10 Assessment is not tied to a specific English Studies course. Instead, it evaluates a student’s literacy skills developed over the course of their education.

Students and families are encouraged to explore the following link for some Literacy Assessment preparation resources, including videos, and online sample assessment.
